Dear Ambassador,

In honour of our 100th anniversary The Women's International League for Peace and Freedom, convened in The Hague to continue to discuss and debate the causes of war and how to reach peace.

We heard from our sisters in Yemen and the Conference has requested that the following statement be brought to your attention for urgent action.

The world is failing in Yemeni. The world cannot be complicit. Yemen has been betrayed by the international community. The peaceful transfer of power has been undermined by external interests. Violence and war has been unleashed and fuelled from the outside. The human cost is incalculable.

We, women from 80 countries gathered and stand in solidarity with our sisters and brothers in Yemen and demand the following:

1. An immediate and complete cessation of all hostilities including military and militant actions by all actors inside and outside Yemen.
2. Ensure an immediate and permanent cessation of the transfer of arms to Yemen.
3. Immediate and unimpeded humanitarian access and the lifting of the embargo on essential goods and services including food, water, medicines, medical equipment and fuel.
4. Safe passage of return for thousands of Yemeni nationals stranded across the world especially in Egypt and Jordan.
5. Accountability for all crimes and violations perpetrated by state or non-state actors under international law.
6. All international actors including the newly appointed UN Envoy on Yemen must ensure immediate and systematic engagement with Yemeni women civil society activists and reinstate the minimum 30 per cent of women's representation in any future peace negotiations.
7. Initiation of an inclusive peace negotiation based on the outcome of the national dialogue 2014 with representation from all political and social groups involved in that dialogue.

We thank you for your attention.
